History & General Information

Marine Corps History - JULY

Marine Corps Establishment Becomes Law 11 July 1798 / President John Adams approves “An Act for Establishing and Organizing a Marine Corps”. The following day William Ward Burrows was appointed Commandant and in August Major Burrows opened his headquarters in Philadelphia, which was still the capital at that time.

[The Continental Navy and Marines established in 1775 were disbanded at the end of the Revolutionary War and the Marine Corps was re-established in 1798. The Marine Corps celebrates its Original Birthday, 10 November 1775.]

28 July 1918 / Brigadier General John A. Lejeune assumed command of the 2nd Division, U.S. Army in France. He was the first Marine officer to hold an Army divisional command.

26 July 1947 / National Security Act of 1947 reaffirmed the status of the Marine Corps as a separate military service within the Department of the Navy. The Act provided for Fleet Marine Forces and confirmed the Marine Corps mission of seizing and defending advanced bases and of land operations incident to naval campaigns.

MCL Mission Statement

Members of the Marine Corps League join together in camaraderie and fellowship for the purpose of preserving the traditions and promoting the interests of the United States Marine Corps.

Banding together those who are now serving in the United States Marine Corps and those who have been honorably discharged from that service that they may effectively promote the ideals of American freedom and democracy.

Voluntarily aiding and rendering assistance to all Marines and former Marines and to their widows and orphans; and to perpetuate the history of the United States Marine Corps and by fitting acts to observe the anniversaries of historical occasions of particular interest to Marines.

Founded in 1923 by Lieutenant General John A. Lejeune (13th Commandant, 1920-29), the Marine Corps League is the only federally chartered (1937) Marine Corps related veterans organization in the United States.
